

## **Dumpster, POD, and other Large Container Approval Policy**

### **Candlewood Ridge/Carriage Wood Homeowners' Association**

The Board of Directors have decided to require BOD pre-approval of all dumpster/POD/large containers before homeowners may have these placed at their properties. All such large containers need to be only on private property (cannot overlap into the sidewalk, the curb, or the road) and need to have a fixed delivery and removal date. The dumpster/POD/large container cannot remain at a property for longer than 14 days.
